Transform Your Space

Embrace The Essence Of Home

About Us

At Attic Decor, we believe that every space has a story waiting to be told, and we are here to craft narratives that resonate with our clients' visions and aspirations.

With a passion for design excellence and a commitment to exceptional craftsmanship, we transform interiors into captivating realms that inspire, delight, and endure.

At the heart of our philosophy lies the belief that design is not just about aesthetics; it's about creating environments that enhance the way people live, work, and interact. Whether it's a cozy residential retreat, a dynamic commercial space, or a vibrant hospitality venue, we approach each project with a holistic perspective, blending functionality, beauty, and innovation to deliver spaces that surpass expectations.

Since 2005, We have been crafting high-quality plywood. With almost 20 years of experience, we produce 200 sheets daily at our state-of-the-art facility, ensuring top-notch quality with advanced techniques and strict quality control.

PLYWOOD

BWR PLYWOOD

BWR Grade Plywood or boiling water-resistant plywood, as the name suggests, is highly water-resistant plywood.

It is completely waterproof and is widely used to make furniture for home, office as well as outdoors. BWR plywood is made from phenolic resins.

BWP PLYWOOD

BWP grade stands for boiling water proof grade which means the plywood boards with BWP mark are boiling water proof as per standard norms .

It can withstand prolonged exposure to water and moisture.

MR PLYWOOD

MR Grade Plywood is a moisture- resistant interior grade plywood meant for paneling, interior partitions and furnishing.

It is ideal for use in hot and humid climatic conditions, where there is a lot of moisture in the air. It is manufactured using only selected, smooth and uniform veneers.
